HUSQVARNA MOTORCYCLES RECALL TR 650 MODELS

TR 650 TERRA & TR 650 STRADA BIKES OF MODEL YEARS 2013 & 2014 TO BE CHECKED AT AUTHORIZED HUSQVARNA MOTORCYCLES DEALERS

Husqvarna Motorcycles recall the models of 2013 and 2014 TR 650 Terra and TR 650 Strada models for an update to their ECU software.

Following extensive market monitoring, there have been isolated cases of occasional stalling in the engines of the TR 650 Terra and TR 650 Strada models.

To ensure that all their customers can continue enjoying the bike in all riding conditions, Husqvarna Motorcycles consider it a matter of importance to update the ECU software on these two above-mentioned models.

Customers who own one of the affected motorcycles will be informed by a personal letter and asked to immediately contact an authorized Husqvarna Motorcycles dealer to arrange an appointment for updating their ECU.

Further information on all authorized dealers can be found on Husqvarna Motorcycles' website: www.husqvarna-motorcycles.com/dealer-search
