Recall Alert with Transport Canada*

Release Date: December 16, 2021

Release Number: 22-702

KTM North America Recalls Off-Road Motorcycles Due to Crash Hazard (Recall Alert)

Recall Summary

Name of Product: Husqvarna and GASGAS Off-Road closed course competition motorcycles

Hazard: The retaining “R” clips on the front brake caliper pin can fall out, causing the front brakes to fail, posing a crash hazard to the rider. KTM will also replace the rear brake caliper retaining clips for consistency on the units.

Remedy: Repair

Consumers should immediately stop riding the recalled closed course competition motorcycles and contact an authorized Husqvarna or GASGAS Motorcycles dealer to schedule a free repair, which involves inspecting and replacing the retaining “R” clips on both the front and rear brake calipers. Husqvarna and GASGAS Motorcycles are contacting all known purchasers directly.

Consumer Contact:

KTM, Husqvarna and GASGAS Motorcycle toll-free at 888-985-6090 from 8 a.m. to 5 p.m. ET Monday through Friday, or online at <https://www.husqvarna-motorcycles.com/en-us.html> or <https://www.gasgas.com/en-us.html> and click on “Safety Information” located at the bottom of the page or <https://www.husqvarna-motorcycles.com/en-us/service/safety-information.html> or <https://www.gasgas.com/en-us/service/safety-information.html>.

To determine if your motorcycle is subject to this recall, check your vehicle identification number “VIN” at: <https://www.husqvarna-motorcycles.com/en-us/service/Service-and-safety-check.html> or click on <https://www.gasgas.com/en-us/service/service-and-safety-check.html>.

Recall Details

Units: About 3,265 (In addition, 523 in Canada) About 1,840 (In addition, 265 in Canada) were recalled previously.

Description:

This recall involves the following model year 2021 and 2022 Husqvarna and GASGAS off-road closed course/competition motorcycles: Husqvarna 2022 TE 150i, 2022 TE 250i, 2022 TE 300i, 2022 FE 350, 2022 FE 501; and GASGAS 2021 EC 300 and 2022 EC 250 and 2022 EC 300.

The model number sticker for Husqvarna motorcycles is located on its side panels; on GASGAS motorcycles, the sticker is located on the side of the rear fender. The Husqvarna motorcycles are white, blue and yellow with the blue Husqvarna logo on both sides of the shrouds. The GASGAS motorcycles are red with a white GASGAS logo on both sides of the shrouds.

Model year 2021 motorcycles will have the letter M in the 10th position of the vehicle identification number (VIN). The VIN number is located on the right side of the steering head.

Model year 2022 motorcycles will have the letter N in the 10th position of the vehicle identification number (VIN). The VIN number is located on the right side of the steering head.

Incidents/Injuries: None reported

Sold At: Husqvarna and GASGAS Motorcycles authorized dealers nationwide from May 2021 through August 2021 for between \$9,500 and \$11,500.

Importer: KTM North America Inc., of Amherst, Ohio

This recall was conducted voluntarily by the company under CPSC's Fast Track Recall process. Fast Track recalls are initiated by firms who commit to work with CPSC to quickly announce the recall and remedy to protect consumers.

About the U.S. CPSC

The U.S. Consumer Product Safety Commission (CPSC) is charged with protecting the public from unreasonable risks of injury or death associated with the use of thousands of types of consumer products. Deaths, injuries, and property damage from consumer product incidents cost the nation more than \$1 trillion annually. CPSC's work to ensure the safety of consumer products has contributed to a decline in the rate of injuries associated with consumer products over nearly 50 years.

Federal law bars any person from selling products subject to a publicly announced voluntary recall by a manufacturer or a mandatory recall ordered by the Commission.
