2023 HUSKY TREK

What it's all about!

Husqvarna-Motorcycles is pleased to announce the Husky Trek is returning to New Zealand in 2023, and we are heading to the South Island for 4 days of epic riding.

The 2023 Husqvarna-Motorcycles HUSKY TREK NZ: Southern Explorer will take place from 5th November – 9th November 2023 Taking in the Husqvarna-Motorcycles mantra of FOR PIONEERS.

With the recent launch of the New Norden 901 Expedition, The Husqvarna-Motorcycles travel range grows by one and so too does the New Zealand HUSKY TREK with an extra day of riding.

This 4-day adventure ride offers our 701 Enduro, 701 Enduro LR, Norden 901 and Norden 901 Expedition customers a chance to explore an amazing part of New Zealand's South Island, trekking through private farmland, winding country roads, native bush and mountainous terrain.

And just as the Husqvarna 701 Enduro and Norden 901 make a great platform for both new and experienced riders, the Husky Trek will be suitable for a wide range of rider abilities. The main route will be achievable for first-time adventurers with a little bit of off-road experience. With the optional hard routes keeping things spicy for riders that like to continually challenge themselves.

The Husqvarna-Motorcycles HUSKY TREK is about offering a great experience to our Husky adventure riders - whether you ride a 701 Enduro, 701 Enduro LR, Norden 901 or Norden 901 Expedition - what better way to explore our country than with four epic days in the Mountains and Sounds with a pack of Husky's!

2023 HUSKY TREK Route & Navigation

For this second running of the Husky Trek NZ we will be heading to the South Island to explore the famous Top Of The South regions of Nelson, Marlborough, Tasman and Canterbury. Starting and finishing in the charismatic town of Hanmer Springs we will be heading north to “Sunny Nelson” exploring some of the South Islands most famous Adventure tracks.

The Trek will then take us to the coastal port of Picton with some special routes planned before making our way back down south to Hanmer Springs. Ending the Trek off with a loop-day out of Hanmer Springs allowing riders to get back early and enjoy the comradery with old and new friends.

As outlined, the Husky Trek will be suitable for a wide range of riders, just as the 701 Enduro and Norden 901 are. Therefore two riding options will be available through out the event. The main route will be achievable for those in their first year of adventure riding (should have some off-road experience, at least a year), and the Hard Route options each day will offer up challenges for those looking to challenge themselves and broaden their horizons.

With lead riders and sweep riders bringing up the tail end of the pack to assist throughout the day with anything technical on route or other issues that may arise.

Navigate with track markings laid out each day as well as GPS routing, a GPS unit is mandatory for this Husky Trek to be able to follow the laid out routes and in case you need to exit the routes at any point throughout the Trek.

Route sheets will supplied each evening at riders briefing to give riders an idea of the following days routes.
